Getting Resources
Options for Resources (Review)

- **Lab** – workstations? One server? Tiny cluster?
- **Department or institution** – ask around, CIO
  

- **Project or collaboration** – if available

- **Science gateways** – if available

- **Commercial resources** – look into options
• UW–Madison CHTC
  – You have an account on learn.chtc.wisc.edu
  – It is available until 30 Aug 2022 (yes, 1 year!)
  – Use that time to move to OSG or other resources

• OSG Connect
  – You have account on login04/5.osgconnect.net
  – Available while part of US institution or project
  – Access to OS Pool resources, which is growing!

• Not backed up! Copy important files elsewhere!!!
Staying in Touch
School Resources

• Website and contents will remain indefinitely
  – Slides, videos, exercises, …
  – Not a bad idea to go back and review
  – Keep practicing and try new things!

• Your mentor remains your mentor
  – Not sure who to turn to? Ask your mentor
  – Maybe you have a follow-up plan already

• user-school@opensciencegrid.org remains!
  – Goes to Tim, Lauren, Janet… maybe a couple others
How to Reach Us

• **OSG**: OSG Connect, OS Pool, sites, …
  – support@opensciencegrid.org
  – Will be assigned to the appropriate OSG team

• **CHTC**: learn or other UW–Madison things
  – chtc@cs.wisc.edu
  – Reaches Lauren, Christina, … & indirectly, many others

• **Any time, for any reason**, email us directly:
  – Tim Cartwright <cat@cs.wisc.edu>
  – Lauren Michael <lmichael@wisc.edu>

  CHTC How-To Guides
Back to Where We Started
• You need large-scale, HTC-style computing… or you support researchers who do

• *Do not let computing block your research!*
  – Computing is cheap and plentiful
  – Push the limits of what you can do
  – If you run out of science to do, transcend the boundaries of your science
  – When computing becomes a barrier, push us to fix the problems

• Help & encourage others:
  – In your lab, in your department, in your field, friends, etc.
