Getting Resources

Options for Resources

- Your own lab
 - ▶ Start a small cluster with workstations
 - ▶ Can grow or merge with others
- Your own university (or institution)
 - ▶ No cluster? Talk to your CIO
 - ▶ Get others interested and petition
- Collaborators (ask nicely)
- OSG (via OSG Connect)

Using OSG

- **CHTC (learn.chtc.wisc.edu)** – good for ~1 year
- **OSG Connect** – good indefinitely
Docs: <https://support.opensciencegrid.org/support/home>
- Look for an existing organizational submit pt.
 - ▶ Any good fits?
 - ▶ Ask us if you can't find one that should exist
- Create an organizational submit point? tl;dr: **no**
 - ▶ Not for a single person, but for a group...
 - ▶ Takes time, expertise, and site acceptance

Staying in Touch

How to Reach Us

- **For OSG Connect, Connect Client, OSG sites...**
 - ▶ support@osgconnect.net
 - ▶ Reaches the OSG Research Computing Facilitators
- **For learn, CHTC, and anything else**
 - ▶ chtc@cs.wisc.edu
 - ▶ Reaches Lauren, Christina... & indirectly, many others
- **Any time, for any reason, email us directly:**
 - ▶ Tim Cartwright <cat@cs.wisc.edu>
 - ▶ Lauren Michael <lmichael@wisc.edu>

A Note About Mailing Lists

- We use mailing lists a lot
 - ▶ Esp. **user-school@opensciencegrid.org**
 - ▶ (Which will remain active indefinitely)
- We are not hiding or trying to avoid you!
 - ▶ A list reaches everyone who can help
 - ▶ If (e.g.) I am on vacation, Lauren will reply
 - ▶ Please, please do not hesitate to email us!
